ROBOTIC LAWN MOWERS

Not sure which one is right for you?
We can help you choose the best Landroid for your garden.

R9999

**WORX LANDROID
ROBOTIC MOWER 500M2
WR165E**

Efficient

Gets the job done faster than conventional random-navigation robot mowers.

Smart Navigation

Handles narrow passages and complex lawns with intelligent route planning.

Customisable

Choose the model and features that best suit your garden size, layout, and needs.

Always Improving

Automatic software updates help keep your Landroid up to date over time.

Cuts Closer to the Edge

Mows close to borders, reducing the amount of trimming you need to do yourself.

Built for Real Gardens

From smaller spaces to larger, more complex lawns, there's a Landroid to match.

Choose the Right Worx Landroid for Your Garden

Worx Landroid offers two smart mowing systems. Whether you want the easiest possible setup or a more traditional mowing solution for defined garden layouts, there's a Landroid to suit your space.

**SAME
